In 2018, Tyce was featured in the first round on the brand new Season One of **American Idol** (ABC), with judges Katy Perry, Lionel Richie, and Luke Bryan.

"There's no doubt, you belong in a band onstage."

- **Katy Perry**

"What Tyce has done is not 'tribute' at all. He has taken the songs and made them his own! The way he sings, the control of his voice, the emotion, the power and enthusiasm!"

- **The Mac Wire**

"One of the most electrifying performances I've ever seen! It was like you wrestled with a fire-breathing dragon and came out on top! Brilliantly virtuosic! Such a thrilling RUSH! Those stunning high C's were a flag planted of triumph! AMAZING!"

- **Grammy winning songwriter Jim Steinman**

"It's clear that these songs have held up and sound better than ever. Tyce is poised and elegant onstage - visibly moved by both the music and lyrics. He was simply sensational."

- **GH Harding**

"The show is about sheer pleasure - his and the audience. He presents hit after hit on a platter and sings songs that he loves in the hope that his passion and pleasure find their way to the crowd. They do. Outside of his fondness for the songs, he buoys purely through the strength of his charisma and performance persona."

- **The Huffington Post**

"You're a great singer. And great singers know how to capture that great vocal, have a high standard of musicianship, and still maintain attitude, trashiness, and elegance all at the same time."

- **Grammy winning songwriter Holly Knight**
